UI/UX | BACKEND (JAVA, PHP) | MERN | QA Engineer

I am a final-year Information Technology student at the University of Jaffna, with a focus on UI/UX design, Backend Development with Java, MERN stack, and React, as well as experience as a QA Engineer. I am skilled in programming languages such as Java, C, C++, C#, Python, SQL, HTML, CSS, PHP, and JavaScript, and proficient in frontend frameworks like React and Bootstrap, and backend frameworks like SpringBoot. My technical expertise extends to database management with MySQL, version control using Git, and working across Windows and Linux environments. I also bring strong UI/UX design skills using tools like AxureRP, Adobe XD, and Figma. With excellent problem-solving abilities, leadership, attention to detail, and a collaborative attitude, I am eager to apply my diverse skill set to real-world challenges while gaining industry experience.
